Sub: Online course in finance for JAG/SG Officers including non-finance officers

First online course in finance for JAG/SG Officers including non-finance officers was conducted by IRIFM from 15th June, 2020 to 26th June, 2020. It received a very good feedback from officers who have participated in this course. However, some of the railways could not nominate for course due to paucity of time in the process of nomination.

Based on this experience the institute proposes to hold similar online training module for 100 JAG executives of IR of Finance and Non-Finance. Other than the main objective of learning, the proposed module aims to save railways’ resources and working time by holding classes in only first half of a working day from 10.00 hrs. to 13.00 hrs. from 23rd July to 24th July, 2020 so that the officers can perform their regular duties in the second half without undergoing physical displacement.

Effort has been made in designing the proposed course and sourcing faculty for it to empower the JAG executives through learning financial management especially for Railways. Topics of study and schedule are enclosed. You are requested to nominate five executives from your Railway to attend the course online and make it a success.

Kindly send nominations by 09/07/2020.

(Chander Mohan Jindal)
Director General
